## COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Personnel from the Town Office have been throughout the town this week identifying mobile homes. We are establishing a system similar to that used by the tax assessors when they determine values on these units. There are now 75 mobile homes in town which creates a major assessing problem. The tax value for mobile homes is based on the original F. O. B. price. With the many models of most makes which are listed in the reference books it is difficult to be sure we are using the correct base. We encourage all owners to come to the office and check their values in order that we may make corrections if necessary.

A new storm drain is to be installed on parts of High, Mechanic and Summer Streets. Some of the work will be replacement of existing lines, some will be constructing new catch basins and laying new lines. We also have an area on Riverside Lane we must drain.

## HISTORICAL SOCIETY MEETS — MASON MUSEUM DEDICATION POSTPONED TO 1974

The May meeting of the Bethel Historical Society held at the Casco Bank Community Room last Thursday evening was attended by 18 members.

Mrs. Florence Hastings gave a most interesting and informative presentation on the subject of painting on tin. There were items on display including Toleware on tin, wood and reverse painting on glass. This method of decorating included free hand brush strokes and stenciling and was a popular form of decorating from post-Revolutionary War period to mid-1800, including the stenciling of furniture. A tracing of stenciling on any object can be carefully made and a pattern cut, thus preserving the original design. This is a craft that is enjoying an enthusiastic revival.

## REGULAR MEETING OF S. A. D. 44 BOARD HELD AT ANDOVER

The S. A. D. 44 board of directors met in regular session at the Andover Elementary School on Monday evening of this week.

A contingent of parents was present once again to inquire about conditions extant in the toilet areas at Telstar Regional High School. It was stated that many students are hesitant about utilizing the facilities because of student loitering in the areas. Reportedly administrative measures are being attempted to remedy the situation.

Randy Littlefield, president of the Telstar Student Council, reported results of a student survey regarding the utilization of the activity period at the school. Although use is made of the time slot by many, 25% of the student body have no activity in which to participate during that time. The Council suggests that an attempt be made to broaden the appeal of the activity period. Also included in the report was a suggestion to make better academic use of the latter portion of the school day.

The board approved the granting of maternity leave for the 1973-74 school year to Mrs. Carol Emery of the Andover Elementary School.

By an unanimous vote the directors approved the re-opening of the R. C. Foster School in Newry for the 1973-74 school year, sixth graders who normally would attend Crescent Park School will go to the Newry building.

Members of the board absent Monday evening were: Clarence Remington, Bethel; Raymond W. Seames, Greenwood; and Milton Mills, Woodstock.

The next regular session of the S. A. D. 44 board will be held at Telstar Regional High School on May 21.

To learn one must listen, and that's what throws many of us.

On this day I left the main road at the far end of Mud Pond and went to look for the pitcher plant then planned to go all the remaining way around the pond. The pitcher I didn't see, near enough to shore, to say I had found one. So I'll try again later.

Going down over the bank from the road I noticed the huge rocks near which I stopped to look around. Running in a southerly direction from the pond was an old country wall built in the remote past; serving at one time as a straight functional fence. The cranberries were nice shelters for the chipmunks and the squirrels.

There were two openings which must have served as gateways. This marked what was once an open field. A short distance from there was an old cellar hole. When anyone lived there I do not know.

Going through one of the gates I then turned right to climb to a knoll from which I could see the entire length of the pond. I sat for a while and found it very lovely. Just off shore were the plants and leaves of one of the laurels but no blossoms yet. That, too, I must look for again.

I returned to the shore to view the tiny islands. Thousands of tiny ferns were mirrored on the glassy surface of the water. They seemed to be peering on the midst of this blue sky.

of stones. Small boulders poked down from the turf into the shallow water off shore.

Now I was nearing more familiar ground well toward the end of the pond and soon to meet an old logging road.

Ahead, the air was full of splashing sounds, small watery chuckles, where another brook tumbled.

I was thankful that those little nagging flies had not yet energized to new life to pester me with their ferociousness.

Here I followed the old road along the ridge where so often I hike in the winter. How different it looked for there are moods in nature as well as forms and styles.

Down over the hill I could see clouds to the north making this sunny day more beautiful. "Clouds are restful as you gaze into the sky, and see the flock of sheep herded quietly by." — Lorice Mulhern.

I had for the whole afternoon been time-rich now the hours had slipped away. It was an afternoon to remember. . . lowering trees, ferns, and moss beneath my feet, springy ground, babbling brooks. "I'll keep this lovely golden day a treasure time apart, like long warm days of childhood saved softly in the heart." — Virginia C. Boswell.

BLAKE NO-HITS MEXICO 4-0

Telstar's Peter Blake pitched a strong seven inning no-hitter Monday, as the Rebels defeated the Mexico Pinos 4-0, in a Mountain Valley Conference game on the loser's diamond. Blake, a junior right-hander, was backed by a 10-hit attack including two hits apiece by Ricky Wing, Levi Brown, and Doug Brooks, who was in complete control throughout, struck out at least one batter in each inning, and totaled 17 strikeouts for the game.

Telstar scored three big runs in each of the sixth and seventh innings. In the sixth, Telstar bunched four hits, an error, and a walk for their three runs. In the seventh, three hits and a beautiful suicide squeeze bunt by Wayne Cummings led to Telstar's final runs.

**HONORED** on 75th birthday at Greenwood City. On Monday, May 7, Jean Millett opened her house to honor the 75th birthday of Edna Tamland. She has lived in Greenwood for many years in her "dearest spot," home. She is a native of Finland, born there May 7, 1898. She came to America first at about the age 14 but stayed only a short time. Then she returned in 1921 to stay.

Thirteen of her neighbors greeted her in person while others joined in greetings with cards and gifts. There were many. One card read as follows was signed by all:

"We are thinking of you today because it is your birthday and we wish you happiness. Tomorrow, because it will be the day after your birthday, we shall still wish you happiness, and so on clear through the year. We may not be able to tell you about it every day, but the wish will be there just the same. Whenever joy and happiness come to you it will make us glad, and this is our birthday wish to you."

The lovely cake was made and decorated by Fay Holt. This and other "goodies" were served with coffee made by the hostess.

We left with these thoughts of her "you are a gentle soul . . . Forever good and kind . . . With only love and friendship in your noble heart and mind."

**JR. HIGH TO PRESENT  
SPRING CONCERT MAY 17**

May 17 the Jr. High band and chorus will be giving their Spring Concert at Telstar Regional High School. The concert will be held in the Auditorium Thursday evening, at 8 p. m.

There may be a possibility of Mrs. Eyppe's instrumental group performing, but there is no confirmed word on that. We are sure about the Jr. High groups performing. From listening to them occasionally they seem to be well prepared for their concert.

This concert is free and open to anyone who wishes to come. Donations will be accepted. — Betsy Davis, Music Publicity.

**POPPY DAY, 1973**

To rekindle the flame of remembrance for those brave men and women who died in defense of America; to help those who, though living, gave their health in three mighty conflicts and the recent conflict in Viet Nam; this is the story of Poppy Day 1973. For gratitude coupled with the desire to serve is a thread which runs glowing and constant through the year-long tradition of Poppy Day.

Poppy Day is ever new; new in terms of increasing devotion to welfare of our disabled veterans and their families; new in reaffirmation of heartfelt gratitude to those who gave their lives in protecting our way of life; new in growing dedication to volunteer service aimed at strengthening our free heritage. These basic tenets of American Legion Auxiliary work are at the heart of every annual Poppy Day observance.

Gratitude for the hard-earned freedoms for which thousands of fighting men gave their lives led Auxiliary members more than four decades ago to establish the first Poppy Day as a tribute to our war dead. The brilliant scarlet poppy which grew in profusion in the battlefields of France and Flanders in World War I was chosen as the symbol of this memorial event celebrated in most communities throughout the nation in the week before Memorial Day.

Poppy Day in Bethel will be observed on Friday and Saturday, May 18 and 19. Poppies which will be distributed through the town by volunteer Auxiliary members on these dates have been fashioned by disabled veterans who receive payment for their work. Auxiliary members provide all material for making the poppies, free of charge. All other work done in connection with the event is on a volunteer basis.

Contributions received by volunteer Auxiliary members who offer poppies to passersby on street corners on Poppy Day will be used exclusively for veteran rehabilitation and child welfare work. Most of the funds donated in this area remain here for veteran rehabilitation and child welfare work.
